GLOBALG.A.P.

Food Safety Certification

Ensuring your food is safe for everyone, every day

Enhance your appeal to buyers with SQF, BRC and GLOBALG.A.P. certifications administered by CERT ID, a third-party certifier to the food industry since 1999. We'll work closely with you to ensure you make the right business decisions around your certification needs.

- *We support the principles of the Global Food Safety Initiative (GFSI)*
- *Our services and support exceed that of our competition*
- *Your proposals will include the total cost—with no hidden fees*
- *Ask us about our new Gluten-Free certification*

Non-GMO Project Verified

Get the label consumers trust most

"FoodChain ID has been invaluable. Their process is focused and well defined."

Ali Brushaber
Chief Product Officer & Partner
Hail Merry Snacks

"FoodChain ID was a critical partner in helping us move mountains to verify over 30 formulas. It would not have been possible if it weren't for their support and direction."

Marc Walkin
Senior Associate Brand Manager
Barabara's & Alpen

"I can't speak highly enough about FoodChain ID's knowledge and support."

Joby Rumiano
Owner/Operator
Rumiano Cheese Company

As a technical administrator for the Non-GMO Project, FoodChain ID has verified more than 95% of the \$16 billion North American Non-GMO Project Verified market – over 33,000 products with hundreds more added each month. Earn the Butterfly label and elevate your sales.

- Use our secure online process and easily add products anytime
- Speed up verification with fast-turnaround options
- We are the Non-GMO Project's longest serving technical administrator
- Benefit from compliance and R&D formulation consulting

"We just finished our first SQF audit. I am amazed how any company passes without Gorilladox."

Dustin Weber, Plant Manager

GORILLADOX™

Audit Automation Software

Efficiently manage data for FSMA, GFSI and other programs

Gorilladox™ software automates the management of compliance documentation and processes for BRC, SQF and other certification programs. Manage your food safety plans, workflows, SOPs, and HARPC and HACCP documentation in a single easy-to-use system.

- Track documentation, nonconformities, supplier information, tasks, schedules and more
- Use programmed templates in place of manual SOPs and forms
- Reduce overall time spent in audits and audit preparation
- Benefit from this secure, cloud-based 24/7 system in use by hundreds of companies
